Penny & Michael Wise

ABOUT THE ARTISTS ...

Penny & Michael are experienced, practicing artists. Holding numerous solo & group exhibitions over the years. As students they met at Art School where their training was diverse & has had an enduring influence on their artistic journey. They have had many years experience presenting workshops with a keen involvement in visual arts.

Penny's creative process interprets impressions of beauty and the study of light within the natural environment and also reflect an emotional response to the oceanic landscape, flora and forest. Penny is currently working in mixed media, incorporating fabric, paper & paint into a collage on paper or canvas. The unique techniques which Penny has developed is widely appreciated and is proudly displayed in both private & corporate collections in Australia & around the world.

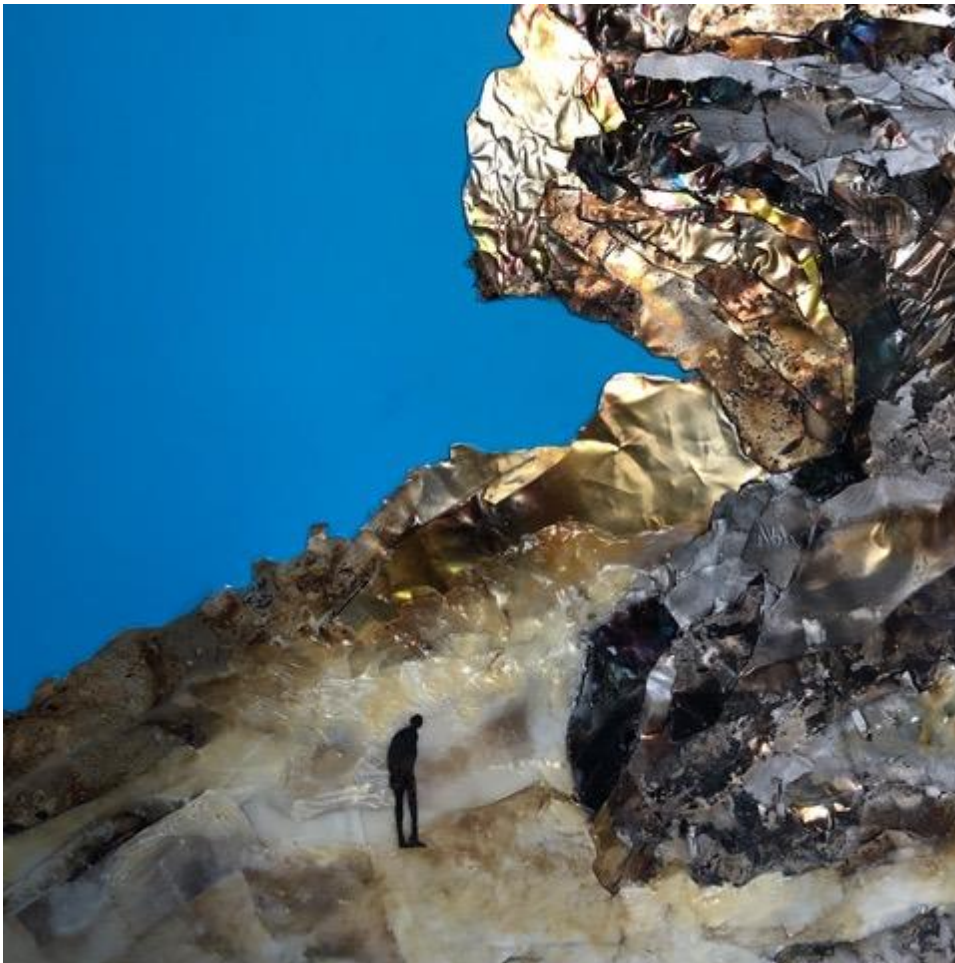

"Growing Wild" by Penny Wise

Michael's approach to his Art is entirely unique, creatively using a variety of different materials & techniques. This includes, metal, stone and aluminium. His practice is sculpture, painting & film - used in contemporary format.
