"Jenny Sanderson in her workshop"

The Ultimate Experience of Sensual Life Drawing

Using the senses of sight and hearing, come and be inspired by a musician playing while capturing the image on paper. Also included in this workshop is a two hour session of drawing the nude from a live model.

I have enjoyed the discipline of Life Drawing for more than 30 years and my style continues to evolve, evoking emotion and atmosphere.

My new studio is nestled among the vineyards of Margaret River and 5 min. from your Stay accommodation.

I trained and worked as a draftsman for 20 years before leaving this profession to paint fulltime in 1985. I also have a diploma of Transpersonal Art Therapy.

I create a variety of original, unique work in various mediums for which I have won many awards. My work is proudly displayed in both private and corporate collections in Australia and throughout the world. I exhibit my work regularly and am represented by Jah Roc Gallery in Margaret River. My work can also be viewed at Xanadu Winery.
